

We're in this Together by *Jacob Winn*

“Be completely humble and gentle; be patient, bearing with one another in love.” -Ephesians 4:2

Bearing with one another in love is one of the most important things that we as the Church can do. We are in this together. We are a team. Most of all, we are a family in Christ. When a brother or sister in Christ is going through a difficulty of any kind, it is urgent that we respond in humility, gentleness, and love. We should always be there for one another, for as Ecclesiastes says:

“But pity anyone who falls and has no one to help them up.”
-Ecclesiastes 4:10b

Summer can bring with it many joys, but it can also bring challenges. This is particularly evident in summer youth trips. In the pair of major trips that we will be taking our young people on this summer, we hope and pray that God will do great things in their lives, but we know that such a path is often challenging. But, by being there for one another no matter what, we can serve each other as God intends. This is true throughout the Church, no matter your age or level of involvement. We should always treat one another with the compassion that makes the whole world know that Christ's family sticks together, no matter what.

Just as summer is a time for students to go from one grade to the next, we should all make this summer a time for us to go from one level of Christian maturity to the next, from lesser compassion to greater, from lesser togetherness to greater, and from lesser faith to greater. In all these things, we can grow in Christlikeness. There is always more for us to do, and our wonderful God is the only One who can equip us for such a task as that. Therefore, in all things let us learn to lean on God's provision. Let us also learn to love one another with patience, gentleness, and Christlike self-sacrifice. As I said above and will now restate once more: let us treat one another with compassion so apparent and abundant that it makes the whole world know that Christ's family sticks together, no matter what. Let's let that be the story of our summer.
